

I am a SPOKENVIZIONARY

"I am a SpokenVizionary:
I hope you like it ... please
feel free to edit or give me
notes if its not what you were
looking for or if you'd like for
me to do it differently - but
based on your direction I
wrote about what drives me
to do what I do so its a
need - not a want

It's a need, not a want.
Wanting is a desire, needing
is a requirement, like needing
air to breathe. Needing like
the human body needs food
and water for fuel. Needing
like a human body needs a
soul to exist. A need is non-
negotiable. A need can't truly
be satisfied or fulfilled. A
need is physically impossible
to ignore. A need drives your
destiny into fruition.
Regardless of the twists and
turns life throws at you, you
will always end up back at
your center, your need.
Needing to live it, achieve it,
and motive others with it. You
can choose to run your life in
circles, but your need will
remind you of your purpose.
I'm tired of running. I know
my need and my purpose.
Poetry.
